

DWS WebHosting Fundraising Program

This is one of the easiest fundraising programs ever, and pays out every year!

This is a simple lead generation process. Today, almost every business, church or organization, and many families need a website. Even those that already have a website are often not happy with how it looks, or they must track down and pay a developer for every little update. **For what some businesses spend for a few newspaper ads, they could have one of our professional, easy-to-update websites and email for a year!**

You don't need to know anything about websites to raise money with this program.

Who should you ask?

* Family * Friends * Neighbors * Church members * Business owners

Ask if they would like to support you in your fundraising efforts by having us speak with them for a few minutes about increasing their business with a website (no pressure, and no obligation to purchase anything). If they agree, just let us know their contact information, and we'll handle it from there. They don't even need to live near you - we'll be happy to speak with them by phone. (We have customers from New Mexico to Manhattan!)

How much do you make?

If we sell a website to one of the leads you generate, **we will pay \$100** on your behalf to the fundraising leader of your choice (teacher, coach, league, scout troop, organization, etc.).

\$\$\$\$ Renewal Bonus: When the customer chooses to renew their website next year, **we will pay \$50** on your behalf to the fundraising leader of your choice! We take care of billing the customer. You don't have to resell them, collect, or anything else. We handle everything.

You could receive \$50 per website for years to come!!!

Website design/hosting packages include:

- * Domain - www.yourdomainhere.com
- * Complete website design and build
- * Basic Logo creation
- * Professional Email accounts - you@yourdomainhere.com
- * Search Engine Submission - we submit the website to Google, Yahoo!, and MSN
- * Search Engine Optimization - we take care of the geeky stuff that gets the website found by searchers
- * Monthly traffic reports - access to traffic reports, find out how many visitors there were, how they got there, etc.
- * Video Help System - step-by-step videos
- * **Update as often as you wish—FREE! No computer programming required!**
- * No hidden charges

Website Features:

- * Photo viewer / slide shows - location, staff, before/after pictures of work completed
- * Interactive Map - zoom, pan, change views (Satellite, etc.)
- * Blog - keep visitors up to date
- * Event Calendar
- * Announcements
- * Item of the day - quote, bible verse, or word of the day
- * PayPal Donation buttons - accept donations on the website
- * Custom Data Forms - collect information from website visitors in order to provide quotes, etc.
- * Local Weather - auto updating local weather

DWS WebHosting is a product of Data Works Solutions, LLC - a Richmond, KY based software company founded in 2006.
